La magia della natura nel creare e modificare ad arte gli elementi che la compongono. Ed è dall'idea del legno, sottoposto all'essiccamento al sole, che nasce il concept creativo di Nirvana.

The magic of nature and its ability to create and change its compositional elements was our inspiration. Nirvana's creative concept began with the idea of wood dried by the sun.

Nirvana è disponibile in 3 formati - 60x180, 20x180 e 20x120 - tutti con la costante caratteristica di avere una forma allungata, al fine di ricordare al meglio le tipiche doghe del legno, da cui trae ispirazione.

La rudezza primitiva del legno vivo si
unisce all'innata eleganza e alla praticità
del porcellanato.

Un dualismo contrastante, la
consistenza di due mondi paralleli,
danno vita ad un linguaggio espressivo
immediato, di forte personalità.

The primitive ruggedness of living
wood is married with the innate
elegance and practicality of porcelain.

This contrasting dualism and the
consistency of two parallel worlds bring
to life a direct and strikingly unique
finish.
